# ORGANIZATION

## of the City Government

Tuesday, March 28, 1939

At ten o'clock in the forenoon of the above date, members-elect of the City Council for the municipal year of 1939, and the members from the previous council met for organization at the city council room agreeably to the provisions of the city charter.

The meeting was called to order by Mayor Gallagher and prayer was offered by the Rev. John Watson.

The records of the last regular meeting were read and approved.

The Clerk then read a statement of the votes cast for Mayor and Councilmen as returned by the Clerks of the several wards, and Mayor Gallagher referred same to the committee on Elections and Returns, who retired, canvassed the returns, and reported they found the statement submitted by the City Clerk correct, and Mayor Gallagher declared Robinson W. Smith elected Mayor of the City of Laconia for the ensuing year, and George R. Bowman, Oscar St. Jacques, Ralph C. Kimball, William W. Keller, Malcolm E. Barney and Kenneth D. Hopkins elected councilmen from their respective wards.

Mayor Gallagher introduced Mayor Smith to the Council and visiting friends. The oath of office was administered to Mayor Smith and Councilmen Bowman, St. Jacques, Kimball, Keller, and Barney by Frederick A. Tilton, Esq.

Mayor Smith assumed the duties of the office and proceeded to deliver his inaugural address as follows:

# INAUGURAL ADDRESS

---

*Members of the Council and Friends:*

On March 14 you, by your vote, elected me Mayor of the City of Laconia. Since I was elected Councilman in 1936, I have devoted considerable time studying our City Charter and the workings of the several departments of our City Government.

In 1893 Laconia was incorporated as a city under the present charter, which charter was codified in 1916, and contrary to the expressed opinion of some, it is my belief that our City Charter and the ordinances under which we are working provides all of the machinery necessary to run our city in a modern and business-like way.

From the first City Report of Laconia, as published in 1894, we find that the approximate population of Laconia was 10,700 souls, and the total valuation of all taxable property that year was \$4,419,592.00. The cost of running the City then was only \$77,267.68, and the tax rate was \$17.50 per thousand dollars valuation. Since that time, or over a period of 46 years the population of our City has increased to nearly 14,000, and the valuation of taxable property has increased over three times or to be exact to \$14,142,660.00. The cost of running our City last year as set forth in the City Report was \$617,126.50, or more than eight times the cost as reported in 1893. From these figures it is evident that the cost of Government has increased materially since the days of our fathers. However, we have come a long way in the last forty years. Today our streets are paved; electric lights have replaced the old kerosene lamps; our school system has been modernized; motor

driven fire apparatus has replaced the old hand and horse drawn engines. In fact, our city has kept up with modern civilization, and with it has necessarily come a higher valuation and a higher tax rate on all taxable property.

We are now living in the year 1939, and I hardly believe any of us would be willing to go back 46 years and live as economically as our fathers lived then. Our citizens want and have a right to expect public improvements which are enjoyed by citizens of neighboring towns and cities, and we believe it is the duty of your Mayor and your Council to provide for these improvements insofar as available funds will permit.

As we have previously stated, the total valuation of taxable property in the city of Laconia is approximately \$14,000,000.00, and the cost of running our city government is nearly three-quarters of a million dollars annually, and it is plain to see that Laconia is a big corporation and modern business principles must be followed if we are to grow as a city and take our place as such in our State. Your Mayor and your Council are custodians of this large sum of money, and we ask for the co-operation of all of our citizens, so that we may plan and administer the city affairs in a most efficient manner.

At the close of our last fiscal year, that is February 15, 1939, the serial debt was \$373,750.00, while the unpaid notes amounted to \$75,000.00 making a total indebtedness of \$448,750.00. During the last two years the city debt has been materially reduced and Mayor Gallagher and his Council should be complimented on the wonderful record they have made along the lines of economy in our City Government. I am glad to be able to say that during my three years as Councilman from Ward One, I have had a part in bringing about this fine record. It is my opinion that a 'pay-as-you-go' policy is the only sound policy for our City

Government to follow at the present time, and I recommend this policy to the Council.

Someone once said that the only two sure things in the world are death and taxes, and of the two probably the tax bill is the less popular for it comes annually and death only once in a life time. Taxes is without doubt the most talked of subject today, especially where government or city affairs are being discussed. Without taxes our City would cease to function as such, and we would go back to the prehistoric ages when "government of the people and by the people" was unknown.

With practically all of the city's revenue coming from taxes it is only reasonable that the two divisions of our City Government directly connected with our tax system should be made strong and efficient departments.

In order to arrive at a fair tax we must first have a fair and just valuation of our taxable property. That there are many inequalities in the valuation of the taxable property in Laconia is recognized, but it is my opinion that adjustments should be made gradually rather than a revaluation of all property during any one year, and I recommend that a long term program of revaluation of all taxable property in Laconia be adopted by our Board of Assessors.

The other department of our City Government directly involved with our tax problem is the Tax Collector's Office. Uncollected taxes means a higher tax rate for those who can and do pay. From the Tax Collector's report we find that the amount of uncollected taxes for the fiscal year ending February 15, 1938 was \$83,145.24 and the amount uncollected for the fiscal year ending February 15, 1939, was \$64,493.63, or a difference between the two years of \$18,651.61. This reduction in uncollected taxes very definitely reflects first—the thoroughness with which our tax

collector is doing his job, and second—that our property owners are evidently in a better position to pay their taxes than they were a few years ago.

I would recommend that the finance committee of the Council, together with the City Auditor make a study of the entire financial set-up of our City Government, making their report and any recommendations that they may deem advisable to the full Council at some future date.

#### FIRE DEPARTMENT

For some time it has been known that part of our fire equipment would have to be replaced with new. The hook and ladder wagon at Lakeport is not only of ancient vintage, but it is reported that the ladders are unsafe. The apparatus at The Weirs consists of hand pump and a hose wagon. This does not afford adequate protection for the property owners at that end of the City. With these facts known it seemed advisable that a new hook and ladder wagon be purchased for the Lakeport station, and a modern pumper for The Weirs. This has been done, and when the new fire trucks arrive, the fire department should be well equipped for some years to come notwithstanding the fact that the pumper at the station in Laconia is twenty-three years old and the one at Lakeport is seventeen years old. It is unfortunate that the new fire trucks could not have been delivered while Mayor Gallagher and the three retiring councilmen were still in office, for these men were very much interested and took an important part in the purchasing of this new equipment.

#### PUBLIC WORKS

Our City Charter provides for the appointment of three Commissioners which shall constitute the Board of Public Works. This board shall have charge of all public works

so-called within the City. The report of this department is found on pages 116-125 inclusive of the City Report, and is very enlightening, and I would advise that all interested citizens give it careful study. The appropriation for this department last year was \$76,386.58. I note that the commissioners have asked for an appropriation of \$86,829.69 for 1939 or an increase of approximately \$10,500.00. We appreciate that this has been an exceptionally hard winter on our streets and sidewalks. The heavy traffic in lumber that is taking place this Spring, due to the hurricane last fall, will break up our streets more than usual. If this happens, an unusual amount of repair work will be necessary.

Last year the Council received petitions for sidewalks, sewers, new streets, lights, etc., the cost of which amounted to more than \$160,000.00. These petitions are still on file in the City Clerk's office. It is safe to say that new petitions for public improvements will be received this Spring which will bring the amount well above the \$200,000 mark. Many, and probably all of these petitions are worthy and must be considered by the Council. It is my belief that a small appropriation should be appropriated yearly for public improvements, rather than a large sum expended one year and none the next. I recommend that the Committee on roads, bridges and sewers, study the needs of this department taking into consideration the many requests made upon it, giving your report and recommendations to the full Council.

#### POLICE DEPARTMENT

As you know, our Police Department is governed by a three man commission appointed by His Excellency The Governor and approved by His Council. This commission has full powers over the Police Department and are directly responsible for that department. The Mayor and Council, however, must provide the funds to carry on the police work.

We have received the fullest co-operation from the Commission and the Police Department as a whole. We have every reason to believe that they are doing their work in a satisfactory manner and we further believe that they are doing all they can to live within their appropriation.

Last year the appropriation for the Police Department was \$31,100.00. It is my understanding that all but about \$4,000 of this amount was spent for salaries for officers of the Police Department. If the budget of this department is to be reduced, it is very evident that one of two things must be done, namely, a cut in the salaries of the police officers, or a reduced police service for our City. I feel, however, that the Police Commissioners are in a position to know the needs of this department fully as well as I. I, therefore, make no recommendations.

#### PARKS AND PLAYGROUNDS

Probably no city in New Hampshire and possibly in New England has a greater area of its city per thousand population devoted to parks and playgrounds than Laconia. Our parks for the most part are utility parks and are so equipped.

According to the report of the Park Commission, the average daily attendance during the playground season this last year was 250 children at Leavitt Park; 125 at Wyatt Park and 390 at Opechee Park, making a grand total of 765 children in daily attendance at our playgrounds. In addition to the children, four or five hundred adults enjoy our parks and playgrounds for swimming, tennis, soft ball, base ball and other sports. The amount of money appropriated last year for parks and playgrounds was \$2,750.00 and for the skating rinks \$1,800.00. In addition to these amounts there is donated each year several hundred dollars for playground equipment by the three very active play-

ground clubs. I recommend that the skating rinks be placed under supervision of the Park Commission, and that the big rink be moved from its Pearl Street location, which is the extreme southwest end of our City, to Opechee Park, where the cost of maintenance will be less and where it will be more centrally located for the entire population of our City .

I further recommend that the Committee of the Council on Parks and Commons in co-operation with the Park Commission take an inventory of all park property and equipment and make recommendations for a long term program for our parks and playground system.

#### SCHOOL DEPARTMENT

I approach the discussion of this department with fear and trembling, not because of any fault of our schools, but rather because I come from a family of educators. My three sisters were school teachers before their marriages, and my two younger brothers are now actively engaged in educational work in the New Hampton school for Boys in the nearby town of New Hampton, and as many of you know, a few years ago, I decided to marry a school teacher that I might more easily add to my own education. With this family history, it is not necessary for me to tell you that whenever I start a discussion on modern education, I am beaten before I start.

However, a very large part of the taxpayers' dollar goes for the support of our schools and there certainly must be something to be said on the side of the man who pays the freight. That Laconia Schools rank well up in the school systems of New Hampshire, cannot be disputed. From the report of the State Board of Education, the standing of Laconia High School, on the basis of the records of its graduates in post-secondary schools, said rating made by a competent person outside of our city, is as follows :

"The standing of each school was determined on the basis of the work of the first semester of the freshman year for the classes graduating from 1920 to 1932 inclusive.

Graduates in the class of 1920 in Laconia stood 20th among all approved secondary schools in this state.

Graduates in the class of 1921 in Laconia stood 18th among all approved secondary schools in this state.

Graduates in the class of 1922 in Laconia stood 9th among all approved secondary schools in this state.

Graduates in the class of 1923 in Laconia stood 43rd among all approved secondary schools in this state.

Graduates in the class of 1924 in Laconia stood 15th among all approved secondary schools in this state.

Graduates in the class of 1925 in Laconia stood 23rd among all approved secondary schools in this state.

In the following years the different schools were grouped upon the basis of their enrollments.

In 1926 graduates of Laconia High School stood 2nd in a group of 7 schools enrolling between 201 and 400 pupils.

Laconia's 1927 graduates stood 2nd in a group of 7 schools with enrollment between 201-400.

Laconia's 1928 graduates stood 1st in a group of 6 schools with enrollment between 201-400.

Laconia's 1929 graduates stood 1st in a group of 6 schools with enrollment between 201-400.

Laconia's 1930 graduates stood 2nd in a group of 6 schools with enrollment between 201-400.

Laconia's 1931 graduates stood 1st among 10 schools with enrollments over 401. Laconia was put into a different group this year because its enrollment exceeded 401.

Laconia's 1932 graduates stood 2nd among 10 schools enrolling over 400.

1933 (No study was made).

1934 and 1935. The study was resumed but on a different basis for all the schools.

For graduates in the classes of 1934, 1935, and 1936 the standing is based upon the work of the full freshman year rather than on the first semester.

In 1934 the average score for all schools based upon the achievement of their graduates in standard post-secondary institutions was 158. Laconia's was 190.

In 1935, the average score for all schools was 152. Laconia's was 169.

In 1936, the average score for all schools was 156. Laconia's was 200.

1937. The study for 1937 showed an average score for all schools 152. Laconia's was 166."

From this record there can be no question of the efficiency of our school system. I also note from the report of the Chairman of the School Board, Mr. Arthur Nighswander, a paragraph which reads as follows:

"This year again there will be talk of economy in city government. In this connection I wish to call your attention to the comparative costs of education in the state contained in the superintendent's report. We have tried to keep all expenses down as low as possible, but it is obvious

from the fact that out of our appropriation of \$127,500.00 last year approximately 75% was expended for teaching salaries and of the balance nearly all was for fixed charges, that it is difficult to save any substantial sum without cutting salaries or dismissing teachers. As the teaching load is now heavier than advisable, the latter is practically impossible. As to the former, many salaries do not even now conform to the schedule set up by the Board. Each year we have more pupils, the enrollment last year being the largest ever. We cannot meet this increase in numbers by decreasing appropriations without seriously impairing the efficiency of our system. It is hoped that our problems of burdensome taxation may be solved in some other way."

In another paragraph the chairman makes mention of the fact that there is a stronger feeling each year that schools should prepare for life regardless of what one plans to do, and he goes on to state that it is possible that courses in character training, etiquette and similar subjects should be added to our curriculum. A course in Agriculture is under consideration if there is sufficient demand.

Analyzing this report leads me to ask the question. Is our school system developing so fast that it is outgrowing the ability of the taxpayers to pay, and are we taking over a lot of responsibility that should be left with the home and the student himself? Might not some of this training be left to the field of higher education? There is no doubt that many of our teachers are not receiving the salary that they should. In view of these facts, I would recommend that the School Board go slowly in adding new departments and new classes to our already overloaded school system.

#### RELIEF

Probably the less said about relief the better. Our Overseer of the Poor, A. C. S. Randlett, has a very short but comprehensive report and same can be found on page 134 of the 1939 City Report.

It is very evident that the annual appropriation for this department will necessarily have to be increased. We appreciate the fact that this department is probably criticized more than any other department of our City Government. On the other hand, there are many heavy taxpayers who have no criticisms to make of the policy followed by this department. The administering of relief to our city's needy is a man size job; many of the policies are determined by statutes, but if there are those within the hearing of my voice or within our City who conscientiously and honestly believe that the policy of this department can be changed in a way that will save money for our taxpayers, and at the same time provide the necessary relief for our needy citizens, your Mayor and your Council as well as the Overseer of the Poor, will be glad to hear any suggestions.

There is being introduced today into the House of Representatives at Concord two bills drawn up by our Overseer of the Poor which, if passed, will give relief officers needed legislation to better carry out the duties of their office.

There are several other departments of our City Government that have not been mentioned to me today. I have no particular recommendations to make to them, and their appropriations will be discussed before the Council at a later date.

There is one other matter not directly connected with our City Departments that I would call to the attention of the Council. Possibly within the next two or three months the road through the town of Pittsburgh, New Hampshire to the Canadian line will be completed. This will mean that there is a direct route over the Daniel Webster Highway to the Canadian line which continues to the City of Quebec. I have been informed that soon an air service will be established from Boston to Quebec, either through the State of Maine or through the central part of New Hampshire. It would seem to me that the Chamber of Commerce should

look into this problem and use its influence to have any proposed air service go through Laconia, and I would recommend that the Laconia City Government lend its co-operation and assistance to any committee that the Chamber of Commerce might appoint to look into this matter.

To the three members of the Council who have just retired from office, I want to say that during the three years that I have worked with you I have learned of the valuable service that you have given your City, and while no doubt private business affairs influenced you in making your decision to retire from the Council, yet your retirement is a distinct loss to our City Government. You have, however, seen to it that worthy successors are now filling the office which you have just vacated, and after all, the services that one renders their City in the administration of public affairs is not for financial gain.

To you Mayor Gallagher, you have joined the ranks of Ex-Mayors, but in so doing you hold a unique position in that Association, and while you have retired from active service as Mayor of your City, you are the Editor of the City's only daily newspaper. Your service to your City and to your fellowmen can never cease. You will continue, through the columns of your paper to mold public opinion, which will eventually bring about a better and more prosperous city. I wish to personally thank you for making the past two years pleasant years for me as a member of your Council, and I know that I shall receive your co-operation during my administration.

In a radio address just prior to the Republican Caucus on the evening of February 18, I stated that I believe in the principles of the Taxpayers' Association, and that if nominated and elected I would lend my co-operation to the Taxpayers' Association, or any other like Association when such co-operation would lead to the development of a better city and the improvement of the welfare and the well being

of my fellowmen. I renew that pledge here and now, but I would call your attention to the fact that co-operation cannot be delivered by one party alone, but must come from all parties engaged in any transaction.

I have before me a picture of two mules hitched together by a rope around each one's neck. Each mule is pulling as hard as he can toward a heap of hay on either side of a road. Toward the bottom of this picture the mules evidently have given up in disgust, have quit their pulling; have faced each other and are pictured contentedly eating hay first on one side of the road and then on the other. The following poem describes co-operation as depicted by this picture, and it also illustrates the kind of cooperation that I hope all will lend the City Government during the coming year.

Two fool jack mules—say, get this dope—  
Were tied together with a piece of rope.  
Said one to the other, "You come my way,  
While I take a nibble from this new-mown hay."  
'I won't," said the other. "You come with me,  
For I, too, have some hay, you see."

So they got nowhere—just pawed up dirt,  
And oh, by golly, that rope did hurt.  
Then they faced about, these stubborn mules,  
And said, "We are acting like human fools!  
Let's pull together. I'll go your way.  
Then you come with me and we'll both eat hay."

Well, they ate their hay, and they liked it, too,  
And swore to be co-operators good and true.  
As the sun went down they were heard to bray:  
"Ah, this is the end of a perfect day!"

# MUNICIPAL REGULATIONS

## for payment of bills against the city

---

All bills against the city must be approved by the persons authorizing the charge, and unless this is done, no action can be had upon the bill by the committee on accounts and claims, and no order will be given for its payment.

When bills are certified to as above, and left with the City Clerk not later than Thursday at 12 o'clock M., preceding the last Monday of each month, they will be audited by the committee on accounts and claims, and if approved by them and allowed by the Council, will be ready for payment on the following Wednesday, at the office of the City Treasurer.

Meetings of the committee on accounts and claims are held on Friday preceding the last Monday of each month at 7.30 p.m., at the City Clerk's Office.

# CITY GOVERNMENT

LACONIA, N. H.

Inaugurated fourth Tuesday of March, yearly. Stated meetings: The last Monday of each month at 7:30 o'clock P. M., at city council room, 68 Pleasant Street.

# RESOLUTIONS

---

*In the Year of our Lord one thousand nine hundred and thirty-nine:*

A RESOLUTION authorizing temporary loans to an amount not exceeding Three Hundred Fifty Thousand Dollars in anticipation of the taxes of the present Municipal year.

*Resolved by the City Council of the City of Laconia, as follows:*

That for the purpose of meeting current expenses of the City, the City Treasurer be and hereby is authorized and empowered to make temporary loans from time to time for the use of said City of sums not exceeding the aggregate amount of \$350,000.00, said loans being in the anticipation of the taxes of the present municipal year and hereby expressly made payable therefrom, and to give for such loans subject to the written approval of the Committee on Finance, notes of the City, each note to become due and payable within one year from its date. Said Notes shall be signed by the Mayor and City Treasurer and countersigned by the City Clerk, shall be registered in the books kept for that purpose in the offices of the City Treasurer and City Clerk respectively.

This resolution shall take effect upon its passage.

Passed and approved March 28, 1939.

R. W. SMITH,  
Mayor.

*In the Year of our Lord one thousand nine hundred and thirty-nine:*

A RESOLUTION making appropriations for the year ending February 15, 1940.

*Resolved by the City Council of the City of Laconia, as follows:*

That the following appropriations be made for the year ending February 15, 1940, which appropriations shall be in full for all expenditures in each department named.

State Educational Tax .....	\$ 3,960.00
County Tax .....	168,566.98
Schools .....	130,700.00

<hr/>	
\$635,020.35	

Passed and approved July 12, 1939.

R. W. SMITH,  
*Mayor.*

*In the Year of our Lord one thousand nine hundred and thirty-nine:*

A RESOLUTION raising money by taxation for the year ending February 15, 1940.

*Resolved by the City Council of the City of Laconia, as follows:*

That there shall be raised and there is ordered to be raised on the polls and estate liable to be taxed within said City the sum of five hundred ninety-one thousand eight hundred forty-nine and six one hundredth (\$591,849.06) Dollars to defray the necessary expenses and charges of the City for the financial year ending February 15, 1940.

Passed and approved July 12, 1939.

R. W. SMITH,  
*Mayor.*

---

*In the Year of our Lord one thousand nine hundred and thirty-nine:*

A RESOLUTION authorizing the City Treasurer to hire money for the purpose of construction of buildings and public improvements of a permanent nature.

*Resolved by the City Council of the City of Laconia, as follows:*

That the city treasurer be and hereby is authorized to hire on the credit of the city, a sum of money not exceed-

ing fifteen thousand dollars (\$15,000.00), for the purpose of constructing buildings and public improvements of a permanent nature, the same to be borrowed upon notes of the city signed by the mayor and treasurer and countersigned by the city clerk.

The said notes shall be serial notes in the amount of fifteen hundred dollars (\$1,500.00) each, and payable fifteen hundred dollars (\$1,500.00) one year from date, and fifteen hundred dollars (\$1,500.00) each year thereafter until the total amount borrowed is paid. The notes shall bear interest not to exceed three (3) per cent per annum.

Passed and approved October 30, 1939.

R. W. SMITH,  
*Mayor.*

---

*In the Year of our Lord one thousand nine hundred and thirty-nine:*

A RESOLUTION authorizing temporary loans to an amount not exceeding One Hundred Thousand Dollars in anticipation of the taxes of the present and previous Municipal years.

*Resolved by the City Council of the City of Laconia, as follows:*

That for the purpose of meeting current expenses of the City, the City Treasurer be and hereby is authorized and

empowered to make temporary loans from time to time for the use of said City of sums not exceeding the aggregate amount of \$100,000.00, said loans being in the anticipation of the taxes of the present and previous municipal years and hereby expressly made payable therefrom, and to give for such loan subject to the written approval of the Committee on Finance, notes of the City, each note to become due and payable within one year from its date. Said Notes shall be signed by the Mayor and City Treasurer and Counter-signed by the City Clerk, shall be registered in the books kept for that purpose in the offices of the City Treasurer and City Clerk respectively.

This resolution shall take effect upon its passage.

Passed and approved December 26, 1939.

R. W. SMITH,  
*Mayor.*

# ORDINANCES

*In the Year of our Lord one thousand nine hundred and thirty-nine:*

AN ORDINANCE regulating the parking of vehicles on Winter Street.

*Be it ordained by the City Council of the City of Laconia, as follows:*

Section 1. No vehicle shall stop or stand on the north-erly side of Winter street from Union Avenue to a point opposite the premises numbered 30 Winter Street for more than two hours at a time from nine o'clock in the forenoon until five o'clock in the afternoon on any week-day, except Saturday, when the hours shall be from nine o'clock in the forenoon until ten o'clock in the afternoon. There shall be no restrictions on Sundays and holidays.

Section 2. Penalty. Any person violating the provisions of this Ordinance shall be fined not more than five dollars for each offense.

Section 3. This Ordinance shall take effect upon its passage.

Passed and approved June 26, 1939.

R. W. SMITH,  
Mayor.

---

*In the Year of our Lord one thousand nine hundred and thirty-nine:*

AN ORDINANCE regulating the parking of vehicles on Gilford Avenue.

*Be it ordained by the City Council of the City of Laconia,  
as follows:*

Section 1. No vehicle shall stop or stand on the north-  
erly side of Gilford Avenue from Union Avenue to Morrill  
Street.

Section 2. Penalty. Any person violating the provi-  
sions of this Ordinance shall be fined not more than five  
dollars for each offense.

Section 3. This Ordinance shall take effect upon its  
passage.

Passed and approved July 31, 1939.

R. W. SMITH,  
Mayor.

---

*In the Year of our Lord one thousand nine hundred and  
forty:*

AN ORDINANCE regulating the parking of vehicles on  
Strafford Street.

*Be it ordained by the City Council of the City of Laconia,  
as follows:*

Section 1. No vehicle shall stop or stand on Strafford  
Street for more than two hours at a time from nine o'clock  
in the forenoon until five o'clock in the afternoon on any day.

Section 2. Penalty. Any person violating the provi-  
sions of this Ordinance shall be fined not more than five dol-  
lars for each offense.

Section 3. This Ordinance shall take effect upon its passage.

Passed and approved January 29, 1940.

ROBINSON W. SMITH,  
*Mayor.*

---

*In the Year of our Lord one thousand nine hundred and forty:*

AN ORDINANCE giving the name of Ladd Square to the area formed by the junction of Main, Province, Garfield and Champlin Streets in the City of Laconia.

*Be it ordained by the City Council of the City of Laconia, as follows:*

Section 1. That the area formed by the intersection of Main, Province, Garfield and Champlin Streets in the City of Laconia shall be and hereby is named and designated as Ladd Square, in memory of Asa Ladd and his two sons Jonathan Ladd and George W. Ladd.

Section 2. This ordinance shall take effect upon its passage.

Passed and approved January 29, 1940.

ROBINSON W. SMITH,  
*Mayor.*

## REPORT OF THE SCHOOL BOARD

---

*To the Citizens of Laconia:*

Each year it becomes the duty of the heads of the various city departments to make a written report covering matters of public interest occurring during the previous year in connection with the work done by the departments. As chairman, I wish to submit the report of the Laconia School Board. Our report is brief and more or less general. The Superintendent has made a much more comprehensive and detailed examination of the school administration which contains much information of interest and will well repay your careful consideration.

This last year has seen no marked changes either in our curriculum, enrollment, or physical plant. Consequently, there is very little to report. There are, however, a few things which occurred to me that might be of general interest.

There has been very little change in the school budget during the past year, except what has been made necessary by the reduction in the amount of tuition received from out of town pupils. Within the past few years, there have been new schools built in Belmont, Gilford, and Tilton. As a result, we have lost during the past year about \$3000.00 which we would have ordinarily received from tuition. This has occurred despite a slight increase in the amount of tuition charge which the board felt was more in accordance with the per pupil cost to the taxpayers of Laconia. According to figures recently compiled by the State Board of Education, it is interesting to note that the current cost of public edu-

cation per one thousand dollars of equalized valuation for 1938-39 in Laconia was \$7.72, which was the lowest of any city in New Hampshire, with the exception of one, and there were 205 cities and towns in the state which had a higher cost. As to the per pupil cost of public elementary schools for 1938-39, it is revealed that Laconia spends \$57.08 as compared to the median for the state of \$81.07. This is also one of the lowest in the state. The per pupil cost of public high schools, 1938-39, for Laconia was \$93.57, without deduction for tuition receipts, which compared with a median for the state of \$104.29.

Even with the comparatively low amount which we are spending on our schools compared with other communities of our size, we are, nevertheless, able to furnish many extra advantages. We have continued our evening schools through the current year with an exceptionally high enrollment. We have also continued the nursery schools at a small increased cost to the city. Two years ago the entire cost of nursery schools was borne by the Federal Government. A year ago, however, in order to continue the schools, it was necessary for the city to provide one-half of the cost of the supplies used, and this year it has become necessary for the city to provide all of the supplies. The Federal Government continues to pay the salaries of all teachers in the nursery schools, and provides a certain amount of supplies through the surplus commodities office.

Referring to other matters, it might be well to mention the fact that improvements have been made on the athletic field and to the retaining wall at the rear. Stumps left after the removal of trees felled by the hurricane have been removed. The usual repairs have been made to the buildings.

A new policy has been instituted during the past year in regard to girls' athletics, and eventually it is expected that

there will be practically no interscholastic activities for girls. Intramural athletics will have taken the place of the more strenuous contests. It has been felt for sometime that interscholastic athletics have resulted in too much strain and unnecessary nervous excitement, which has been detrimental to health.

Under the auspices of the American Automobile Association, a safety patrol has been organized at the high school to assist in the prevention of traffic accidents. It is expected that this idea will be continued in the elementary schools, and similar patrols organized there. The function of the patrol is to control the flow of traffic on the highway, and to provide safe crossing for pupils going to and from school. It might be well to point out that a motorist whose name or number is reported as failing to obey the signals of a safety patrolman is liable to loss of his license or registration.

We wish to express our gratitude to the City Council, and to all who have been of assistance to us during the past year. Suggestions as to better administration of our school system will always be gratefully accepted.

Respectfully submitted,

ARTHUR H. NIGHSWANDER

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

*To the Members of the School Board:*

At the very beginning of this, my twenty-third annual report, I am going to refute a statement that has been more or less generally accepted by some individuals during the past year. This statement was to the effect that "graduates of Laconia High School can not be admitted by certificate to the University of New Hampshire, and that the school was likely to lose certificate privileges to other colleges because of the poor work done by the graduates of the high school in college."

In reply to this statement I will say that the graduates of Laconia High School are admitted to any post secondary institution that accepts a certificate for admission. It must be clearly understood that any graduate must have met the requirements for certification and furthermore must have met the entrance requirements for the particular college of his choice. For example; a boy or girl must stand in the upper two-fifths of his class in order to be eligible for admission to the University of New Hampshire, and he must have been above the lowest fourth of his class in order to be admitted to the State Teachers Colleges. Harvard University requires that a boy must stand in the upper seventh if he is to have certificate privileges for admission.

An average of 85% in all high school subjects is the usual requirement for admission by certificate to college. Within the past year the certificate privileges granted by the

New England College Entrance Examination Board have been renewed for the high school for the usual period of three years.

Parents who are at all interested in sending their boys and girls to post secondary institutions should, as early as possible, learn the interests of their children and help them select subjects in the high school that will best serve their individual needs.

It must be borne in mind that the student must do his part if he to receive full benefit from the high school course and that no parent and no boy and no girl should blame the school if the pupil does not make the most of opportunities and is not prepared for the post secondary institution of his choice.

The graduates of Laconia High School have a very good record in their scholastic standing in post secondary institutions.

In standard post secondary institutions the average score for the graduates of 1934 for all schools of the state was 158; Laconia's was 190. The average score for the graduates of 1935 for all schools was 152; Laconia's was 169. The average score for the graduates of 1936 for all schools was 156; Laconia's was 200. The average score for the graduates of 1937 for all schools of the state was 152; Laconia's was 166.

#### ATTENDANCE

Last year owing to the unusual number of colds and other contagious diseases the attendance was not so high as has been the average for many years. The per cent. of attendance for all of the schools for last year was 94.41, and

there were 1207 cases of tardiness. The number of tardinesses was altogether too large and it is safe to say the majority of cases were unnecessary. Excuses such as "Mother did not wake me up in time" or "I had to do an errand before school" places the blame in the home. It should be remembered by parents that boys and girls in school are forming habits that are going to carry beyond the school. Punctuality is one of the most important habits that the school tries to develop. The following pupils had perfect attendance last year:

ACADEMY ST.—Richard Heath, Laurence Sanborn, Raymond Sanborn, James Dowe

BATCHELDER ST.—Genevieve Morrisette, Mearl Peavey, Daniel Thompson, Marrion Kelley, Geraldine Bean.

GILFORD AVE.—George Sobliros, Carolyn Kassner, Joan Weeks, Raymond Goddard, Ralph Hudson.

HARVARD ST.—Irving Buell, Carlwin Hunkins, Earle Walker, Barbara Wilkinson, Murray Plummer, Rita Davis, Stanley Hayes, Richard Davis.

MECHANIC ST.—Jennie Allen, Ernest Cook, Priscilla Lovely, Irene Perkins, Theresa Levesque, Howard Cole, Leo Dockham.

WASHINGTON ST.—Beatrice Newell, Alice Mary Tefft.

JUNIOR HIGH—Cemma Busque, Edythe Chamberlain, Parnelle Collins, Marjorie French, Alice Frye, Beverly Goddard, Howard Hudson, Fred Huston, Beatrice Jesseman, Beverly Jesseman, Chester Lacroix, Roland Lecour, John Merrill, Priscilla Merrill, Doris Morin, Jeannette Morin,

Malcolm Noyes, Socrate Pallas, Jean Proctor, Carroll Richardson, Norman Simoneau, Hollis Smith, Walter Wakeman, Wilfred Weston.

SENIOR HIGH—Helen Bennett, Helen Braley, Glachel Bundy, Eleanor Cann, Irene Carignan, Louise Carignan, Maurice Carignan, Charles Carlson, Jacqueline Cote, Virginia Cox, Charles Davis, Gladys Dorval, Catherine Eldredge, Martha Ellsworth, Arline Fifield, Dorothy Fleischmann, Dorothy French, Catherine Freo, Irene Gebhard, Lionel Goddard, Rolland Gove, Stephen Grabowski, Annette Hoyt, Frank Hunkins, Irene Isabelle, Pauline Kassner, Leo Labranche, Joseph Lacey, Kenneth Larrivee, Glen Lougee, Rita Lund, Helen Maloon, Alphonse Martel, Stanley Mason, Robert Morin, Pauline Nault, Beatrice Noyes, Phyllis Olsen, Philip Pallas, Laurette Pare, George Pelletier, Jane Pierson, Robert Provencal, Valmore Provencal, Harold Richardson, Lorraine Simmons, Lucille Simoneau, Geneva Sorrell, Robert Wakeman, Marion Weston.

#### OUT OF TOWN PUPILS

Gilford School District is transporting all of its elementary pupils to its new central school. This decreases the enrollment in our elementary schools by about 30, and in the seventh and eighth grades by about 20.

The School District of Belmont is also transporting pupils to its own school which causes a reduction in our elementary schools and seventh and eighth grades of about 15. At the present time there are only 2 tuition pupils in the elementary schools and 3 in the junior high school.

In the High School, grades IX to XII, there are from Gilford 27, Gilmanton 12, Sanbornton 12, Dorchester 1, and Private 5.

The tuition rates for this year are for the first six grades \$1.50 a week; grades seven and eight \$2.00; for grades nine to twelve \$2.25.

#### REPAIRS

During the summer vacation all of the class rooms on the second floor of the high school building were refinished, and other minor repairs were made.

One of the principal items was the installation of another tank to double the capacity of the hot water storage in the high school. As the enrolment has increased there was not a sufficient supply of hot water to meet the needs of the boys and girls in the gymnasium classes and of those engaged in athletics.

The interior of the Harvard Street School was entirely refinished and new light fixtures were installed, so that at the present time this building is in the best condition it has ever been.

The walks at Washington Street School were recovered and repairs were made on the walks at several of the other buildings.

During the coming summer the class rooms on the first floor at the high school should be repainted. On the whole the school property is in very good condition. It is kept clean by the faithful work of the janitors, and there are no fire hazards according to the report of the Chief of the Fire Department.

#### TEACHERS

Several new teachers were added to the staff last fall; among them were Miss Frost who took the place of Miss

Simonds in Home Economics ; Miss Hayden in place of Miss Jackson in physical education ; Miss Zarembo in place of Miss Thurston at Harvard Street ; Miss Toothaker at Washington Street in place of Miss Allen who was transferred to the first grade at Academy Street, succeeding Miss Brooks. At Mechanic Street Miss Staples was transferred to the first grade, Miss Agrafiotis to the third grade, and Miss Bell to the sixth grade. The new teachers at this building were Miss Eaton in the second grade, Miss Lange in the fourth grade, and Miss Simons in the fifth grade.

Miss Barbara Fader succeeded Miss Grace Horr as supervisor of art. The resignations of all of the women teachers were due to marriage.

In the high school Mr. Willard Smith, who had been sub-master for four years, resigned to become headmaster of the new high school in the Tilton-Northfield District. His place was taken by Mr. Jerome Goodwin, a graduate of Dartmouth with several years' teaching experience in New Hampshire and Vermont high schools.

All of the new teachers with the exception of two had had several years' experience in the teaching field.

The average experience of the teachers in the elementary schools is fifteen years. The average salary of these teachers is \$1210. Because of the fact that many of the grades are small, eleven rooms have two grades. This is not a handicap to pupils or a burden to teachers, as the pupils learn from each other and it is no more difficult for a teacher to have two grades with an average of twenty-five pupils than to have thirty-five pupils in one grade, where she would of necessity be obliged to have two or three divisions, which would not be doing work on the same level.

In the high school there are thirty-nine teachers, whose average length of service is 12 years. The average salary of the men teachers is \$1713, and the average salary of the women is \$1397.

### ENROLMENT

The enrolment in the elementary schools has dropped this year because of the decreased number in the first grade where there are losses in all of the schools excepting Gilford Avenue.

The membership at the present time is as follows:

## HEALTH INSPECTION

In the inspection of pre-school children conducted last August the following defects were noted: Defective vision, 12; defective hearing, 2; nervous condition, 1; cardiac disease, 2; defective teeth, 15; diseased tonsils, 11; defective speech, 1; defective breathing, 12; unvaccinated, 60.

A vaccination clinic was held so that all of the unvaccinated cases were taken care of. Many of the children who had defects were treated as a result of the pre-school inspection.

After the close of school last June some fifty children had tonsils or adenoids removed and several were treated for other defects during the summer vacation.

The school nurse inspects each child in the public and parochial schools once each year and keeps a complete health and physical record of each child during his entire school life.

## OTHER ACTIVITIES

With the exception of one year, for the past twenty years, Laconia has maintained evening schools for adults and for the younger people who wish to receive instruction in such subjects as English, commercial branches, mechanic arts, and home economics.

Many men and women have taken this opportunity to learn more of the English language and a great many more have been enrolled in the practical arts courses. This year the total enrolment in the evening classes has been more than two hundred, with an age range from sixteen to sixty years.

Another branch that Laconia has assisted in sponsoring is the nursery schools which are maintained co-jointly with the Federal Government. These schools were started about four years ago and have at the present time an enrolment of one hundred boys and girls. The Federal Government pays the salaries of the teachers and other employees of the school; while the city provides the rooms and bears the cost of the food for the noon lunches.

Another project sponsored by the Federal Government is the National Youth Administration Aid to pupils of the high school. This is the fifth year that boys and girls of Laconia High School have received this aid which may amount to not more than \$6 a month for each individual. At the present time 28 students are receiving benefits from this source.

Last year our boys and girls received nearly \$1300 and the yearly average for the four years has been slightly more than that figure.

Thrift in the elementary schools and the high school is encouraged through the co-operation of one of the local banks. An opportunity is given to each boy and girl in the schools to make a deposit weekly in the school savings system. No attempt is made to regulate the amount of this deposit, the sole purpose being to develop the habit of regular and systematic savings. Each boy and girl has his own individual bank book and interest is paid upon the deposits. Many boys and girls by the regular deposit of small amounts build up a fund that is of use to them in defraying graduation expense and in giving them a start toward a post secondary course.

Laconia maintains a school system with a program that is conservatively progressive, *without extravagance*,

and yet is broad enough to meet the needs of its boys and girls.

Credit for the success of the schools belongs to the thoughtful planning and careful administration of the School Board and to the co-operation of the teachers.

Respectfully submitted,

JOHN S. GILMAN,  
*Superintendent of Schools.*

## STATISTICS

SCHOOL YEAR 1938-1939

*Total registration:*

## 1. PUPILS

Elementary I-VI .....	900
High School VII-VIII .....	355
High School IX-XII .....	763
Parochial Schools I-VIII .....	850
Evening Schools: men .....	115
Evening Schools: women .....	81
Nursery Schools .....	103

## 2. TEACHERS

† High School: men .....	16
‡ High School: women .....	23
Elementary: women .....	25
Supervisors: man, band, orchestra	1
Supervisors: women, art and music	2
Evening School: men .....	5
Evening School: women .....	5
Nursery Schools .....	6

## 3.

§ Truant Officer .....	1
Janitors: high school, full time ...	2
Janitors: high school, part time ..	2
Janitors: elementary schools .....	3

† *Includes headmaster.*‡ *Includes superintendent's secretary, who teaches office practice.*§ *Does janitor work part time.*

# LACONIA HOSPITAL

---

*To the Honorable Mayor and Members  
of the City Council:*

We ask space in your annual report for a brief statement giving information of importance to the citizens of Laconia in regard to our hospital.

The Laconia Hospital is at the beginning of another year of constantly increasing growth and usefulness. With this growth comes the importance of continuing what is known as an A-1 hospital that should be fully supplied with all the best facilities for caring for the sick and disabled. The need comes to us today and is apparent to all that a children's ward and larger and better kitchen facilities are additions of the greatest importance and should have attention at once. This will require a considerable outlay of money; a part of the required amount has already been raised. All should have and will desire an opportunity to have a share in rendering every possible assistance that is in their power to bestow.

We appreciate the many generous appropriations made by the city of Laconia and the towns that center here for hospital service and hope that for the coming year all will join in making the appropriations as large as possible.

THE LACONIA HOSPITAL ASSOCIATION.

Arthur D. O'Shea, *President*

William F. Knight, *Secretary*

N. Joy Harriman, *Treasurer.*

## TREASURER'S REPORT

N. J. HARRIMAN, *Treasurer*

For the year ending December 31, 1939

Cash on hand January 1, 1939 .....	\$2,618.83
------------------------------------	------------

# BOARD OF HEALTH

---

*To the Honorable Mayor and City Council:*

The following report of the activities of the Board of Health of Laconia for the year 1939 is respectfully submitted.

There were no epidemics of a major nature and only about the average amount of communicable diseases requiring quarantine.

Following complaint of conditions at the city jail made by an overnight occupant recommendations were made for the discontinuance of its use. To date this has not been done and it is urgently recommended that the use of the jail as such be discontinued in the very near future. The structure has been repeatedly condemned by the present Board of Health and its predecessors as unfit for use.

Following opening of the present school session and through the co-operation of the State Board of Health vaccinations of children of families on relief was done by the City Board of Health, the vaccine being furnished by the state. The children were checked for non-vaccination through the school nurse Miss Marion Mellinger to make certain that all were vaccinated in compliance with the law.

The milk inspector is now on part time duty only due to the reduction made in his salary by the present city officials. This is working out fairly well although it is recommended that the inspection of milk in this city should be made a full time job. Milk is an easily contaminated food

and constant supervision is necessary if our past high standards are to be maintained. The checking of dairy farms, equipment, handlers, as well as the actual condition of milk being delivered through the city as a food for old and young in a manner that ensures protection of the public health from this source requires considerable time and must be continuous rather than sporadic for best results.

There has been an increase in the number of venereal cases applying for treatment in the past year. Since the state law requires that these cases be quarantined during duration of the disease unless under treatment and specifies that such cases must be treated by the local board of health if unable to financially care for their treatment by a private physician it has been necessary to care for them as they have applied. In several of these the disease requires treatment over a long period.

Summary—

Complaints received .....	44
Complaints investigated .....	44
Nuisances abated .....	28
Non justified complaints .....	16
Wassermans made .....	10
Venereal treatments given .....	74
Vaccinations .....	22

Respectfully submitted,

E. J. GAGE, *M.D.*  
*Secretary.*

## PUBLIC HEALTH NURSE

---

Report of Public Health Nurse for year 1939

## MILK INSPECTOR

---

The Board of Health milk inspection work was carried on as usual throughout 1939. New improvements in milk testing equipment and methods of testing were used by this department as much as possible to insure more accurate and quicker analysis of milk and milk products. The fullest possible cooperation with the State Board of Health was maintained at all times.

An increased demand for pasteurized milk and cream was noticeable throughout 1939. The 1939 summer consumption of milk and milk products showed an increase over former years. This made possible improvements by producers in equipment and methods. Very few complaints of unsatisfactory milk were brought to the inspector's attention during the year 1939.

Increased employment of small, part time producers caused a reduction of this class of producers in the Laconia market area. There was a slight reduction in the total Producer-dealers selling milk in this area.

An increase in the number of summer tourists and summer residents caused a sharp rise in the consumption of milk and milk products during the summer period.

---

## GENERAL MILK INSPECTION STATISTICS

Total Samples Analyzed .....	821
Milk .....	556
Cream .....	105
Skimmed Milk .....	10
Others .....	150

## Samples Unsatisfactory—Milk and Cream:

Low Butter Fat .....	9
Low Solids .....	16
High Bacteria .....	41
Dirty Bottles .....	33
High Sediment .....	54

## Inspection Details:

Stores, restaurants .....	79
Dairies inspected .....	82
Visits to dairies, creameries, etc. ....	650

## Licenses:

Licenses granted to stores, etc. ....	79
Licenses granted to producer-dealers .....	63
Licenses granted to dealers .....	5
Licenses held up for improvement .....	9
Money received from stores and restaurants ....	\$156.00
Inspection fees from dealers .....	21.00
Inspection fees from producer-dealers .....	152.00
<hr/>	
Total—\$329.00	

Respectfully submitted,

FORREST A. SMITH,  
*Milk Inspector.*

# TRUST FUNDS

---

## REPORT OF THE TRUSTEES

*To the Honorable Mayor and  
City Council, Laconia, N. H.:*

As in the past we still advise the need of adequate funds to provide for "perpetual care" of lots, in the city's car. Based on the present interest rate, on deposits, we advise leaving the amount of \$200.00 as a minimum fund, although small funds are acceptable.

Every lot, in our care, is inspected and only work necessary is done in order to conserve all funds possible.

Where funds permitted, flowers were placed on the lots Memorial Day. We have two funds which permitted flowers to be placed on the lots weekly throughout the season.

# FIRE DEPARTMENT

---

*To the Honorable Mayor and City Council  
of the City of Laconia:*

I herewith submit my report as Fire Chief for the year ending December 31, 1939.

During the past year the Fire Department responded to thirty-one box alarms and two hundred and fifty-eight telephone calls. There were three false alarms and seven out of town calls. All the fires were covered by insurance. The total insurance paid during the year 1939 was \$41,763.08.

The Ladder Truck for Lakeport and the Pumper and Hose Wagon for the Weirs, purchased in 1938, were delivered in 1939; and are doing excellent work. Both are a great asset to the Fire Department.

At some time in the near future, we should have a fire truck at the Central Station to replace the old Pierce Arrow, as it is now obsolete. It was built in 1917, and we are no longer able to secure parts to replace broken or worn out parts. I feel that Laconia would be very well equipped if they had a new piece of apparatus. However we are very grateful for what we have at present.

The personnel of our Fire Department is first class. Each company has a full quota of men and several subs on the waiting list.

Our greatest fire hazard are chimneys which are not cleaned. No lives have been lost during the year from fires, for which we are grateful.

Our Superintendent of Schools, Mr. John Gilman, has cooperated with us—inspecting our school buildings. I am proud to state that our school buildings are in first class condition—fire extinguishers are in every room, and these extinguishers are periodically charged and inspected by the Fire Department.

The basements at our our hospital are also cleared of waste, and fire extinguishers are located at various points throughout the building. The management of this very important institution have cooperated with us to the utmost.

If we could only educate our citizens to be fire minded, they would exercise more care and forethought concerning the causes of fire.

Very truly yours,

ARTHUR W. SPRING,  
*Fire Chief.*

# LIBRARY TRUSTEES

---

*To our Honorable Mayor and members of the  
City Council:*

Let us at the beginning of our annual report ask you to pause for a moment and with gratitude in our hearts call to mind our generous benefactor Napoleon B. Gale whose savings during his life were given to Laconia for the purpose of providing a library building with funds to assist in its maintenance.

As Trustees of our Gale Memorial Library we are chosen by the city council to care for our beautiful library building keeping it in repair and supplied with good books, expending as may be necessary the appropriation made by the city and the income from all invested funds. The statement of our treasurer Mr. Arthur W. Dinsmoor gives in detail all receipts and expenditures.

The large circulation of books shows the interest of our people in having good books to read and in the maintenance of a good library. To this end we solicit from all any suggestion or advice that will lead to its betterment.

In the early records of Laconia known as Meredith Bridge with but a small population we find and can boast of a public library. It was destroyed by the great fire of 1860. Some of the Gale family were interested in that little collection of books; it was then in a small way a power for good, and its influence was felt in that little community. We ask and hope that all will make a renewal of their interest that its usefulness may be greater and for the uplift of all in the years to come.

# BOARD OF PUBLIC WORKS

---

Laconia, N. H.

Feb. 14, 1940

*To the Honorable Mayor and City Council:*

We hereby submit the thirty-ninth annual report of the Board of Public Works, together with the detailed report and suggestions made to us by the City Engineer and Superintendent of Streets and Sewers.

The routine maintenance work has been carried on so far as available funds would permit, together with the limited special work authorized during the year.

This Department operating under reduced appropriations has attempted to cooperate in your efforts to make a material reduction in expenditures this past year in order that the Tax burden might be lightened.

Allotments and expenditures under the several accounts appear in detail in the following pages of the financial report and we suggest a study of the City Engineer's Report, appended hereto, which describes under appropriate headings, some of the work of this Department during the past year, with certain valuable suggestions on the needs and requirements for the year ensuing.

Town Road Aid Funds to the amount of \$4,398.43 were expended on Class Five Roads, four-fifths of this sum being furnished by the State.

In the matter of Aid from the State, the ensuing year the City is offered an option of one of two proposals: viz. to reconstruct a section of Elm Street which is on the State Highway Secondary System or Orange System, so called, the State furnishing \$3,488.50 and the City an equal amount; or to accept Town Road Aid for use on Class Five Roads, the City appropriating \$880.25 and the State furnishing \$3,521.00.

Relating to the matter of proposed maintenance, for the coming year we would invite your special attention to the City Engineer's remarks under the title of Maintenance of Macadam Roads wherein he notes that we were unable the past year to surface treat Elm Street, Union Avenue south of Casino Square, Court Street, South Main Street, North Main Street and Pleasant Street and suggests that these thoroughfares should be taken care of in order to preserve them. We strongly approve this suggestion and urge that, if possible, funds be allotted to provide for an adequate surface treatment with bituminous material and a proper aggregate.

These street surfaces were constructed with bituminous macadam years ago and although each has given good service, heavy travel and all year usage has caused the greater part of these pavements to become more or less worn and uneven, and in our opinion, it is simple economy to protect the original investment by adequate maintenance involving a comparatively small cost, instead of waiting until the conditions are so bad that it will become necessary to break up the whole stone surface and reconstruct the road.

The result of the surface treatment applied last fall on Union Avenue between Casino Square and Bridge Street has probably materially extended the life of the pavement and the improvement in its riding qualities is evident.

For a number of years this heavily traveled thoroughfare was very rough and uneven and another light treatment of bituminous material and sand to further smooth up and seal the surface will probably postpone reconstruction for a long time.

As suggested in the 1939 report there are certain streets laid out by the Council which should be drained, graded and surfaced and a number of existing drains reconstructed and

there is a strong and continual demand for new sidewalks in various locations.

Whatever the policy determined upon as to new construction and extensions we urge a sufficient and adequate appropriation for maintenance, winter expense and the customary all year services rendered by this department.

The Board recommends the following General Appropriations for the ensuing year :

General repairs and maintenance	\$17,000.00
Winter expense	23,000.00
Sanding sidewalks	1,800.00
City engineering	1,800.00
Sewer maintenance	4,500.00
Collection ashes and waste and use of dump	5,700.00
Cleaning streets	5,500.00
Drain repairs and maintenance	1,000.00
Insurance	650.00
Maintenance of macadam	7,000.00
Cleaning catch basins	1,700.00
Bridge repairs	600.00
Cutting trees, grass, brush	1,300.00
Street oiling and tarring	8,000.00
Recovering sidewalks	2,500.00
Purchase of equipment	1,000.00
City's share Town Road Aid (T.R.A.) fund	880.25
	<hr/>
	\$83,930.25

Respectfully submitted,

HARRY L. SMITH,  
OSCAR L. HOYT,  
WILLIS G. WATSON,  
*Board of Public Works.*

# REPORT OF THE STREET, SEWER AND ENGINEERING DEPARTMENT

*To the Board of Public Works:*

Gentlemen:

## BRIDGES

The Fair and Messer Street bridges were cleaned and painted as well as the steel work of the foot bridge at Gold Street.

Repairs were made to the Gold Street bridge in conjunction with the Water company, who occupy this river crossing with a water main. This bridge also carries the main sanitary sewer and a gas main.

Some repairs were made to curbs and railings of the reinforced concrete bridges. All our bridges are generally in good repair, except the old wooden bridge on Mill Street, which will need attention soon.

## CLEANING STREETS

The expenditure for street cleaning is increasing from year to year. This is a service which is appreciated by everyone and our reputation for clean streets is a matter of pride, not only to the department but to all of our taxpayers.

The appropriation allotted for this work was not nearly enough and this deficiency had to be made up from unexpended balances.

## COLLECTION OF REFUSE AND GARBAGE

The contract with Mr. W. G. Hamilton was extended for the past year as he has rendered satisfactory service, and it was believed for the best interests of the taxpayers to do so.

This contract calls for a payment of \$5,010 per year; the contractor to furnish suitable trucks, labor, insurance and a surety bond for the full amount of the contract. He also furnishes his own dumps and care of the same. In addition the city furnishes two public dumps, one at the south end

of the city and one near the Weirs village; pays the rent and the care of same. These dumps are for the use of citizens of Laconia to dispose of such matter as is not included in the collection contract.

### DRAINS

Some extensions of the surface drainage system were made, principally on Woodland Avenue and on Mitchell Place. There is much rebuilding of inadequate drains, as outlined in my 1939 report, that should be attended to as soon as funds are available.

### MAINTENANCE OF MACADAM ROADS

A special appropriation for resurfacing Union Avenue, from Casino Square to Bridge Street, enabled us to recondition this much traveled street, but we were unable to surface Elm St., Union Ave., south of Casino Sq., Court St., South Main St., North Main St., and Pleasant St., which should be done. We patched and treated only parts of these streets, in order to tide them over but they should have a more thorough treatment in order to preserve them.

It is estimated that it would require \$7,000 to cover the item of Maintenance of Macadam for this coming season.

### SANITARY SEWERS

The Holman Street sewer was extended 144 ft. to care for the new houses built on this street.

The usual flushing, maintenance and repairs was given the entire system. Care should be taken to prevent surface water and cellar drainage from entering sanitary sewers, as they were designed for house drainage alone and are not large enough to take other drainage.

## SIDEWALKS

Bituminous and crushed stone sidewalks were built on the following streets: Holman, Girard, Dartmouth, Edwards, Cottage, Baldwin, Garfield, Franklin Streets and Gale Avenue.

3,327 sq. yds. of bituminous sidewalk were repaired and recovered and 1,469 sq. yds. of new bituminous sidewalk built.

## STORAGE BUILDING

A new building, 100' x 24' was built at the Messer Street yard to take the place of the buildings, off Union Avenue, blown down in the September hurricane of 1938. This building is not completed, due to lateness of the season when work was commenced. There remains to be done the concrete floor and the painting.

The main building at the Messer Street yard was repaired and a portion covered with an imitation brick siding; much of the work being done by street department labor.

## STREET OILING

An appropriation of \$7,600 enabled us to cover all the roads and streets previously treated, with a few additions. There are some streets recently laid out and graded which will require oiling this year. An appropriation of \$8,000 should be made for this work.

## WINTER EXPENSES

Roads and sidewalks were plowed and kept sanded as quickly as possible after storms.

The application of sand, mixed with calcium chloride, is an expensive activity but it is very essential for the safety of traffic of all kinds. Under certain conditions sanding costs more than plowing of roads and walks.

## GENERAL

We were enabled to exchange our Ford dump truck for a new truck which was badly needed. The old stone crusher on Elm Street was sold and the money received used for the truck exchange.

We have a Dodge 1½ ton truck bought in 1936 which is badly worn and costly to keep in running order. This truck should be exchanged as soon as possible in the interest of economy.

Respectfully submitted,

CHARLES A. FRENCH,  
*City Engineer, Supt. Streets and Sewers.*

## SEWER STATISTICS

# CITY SOLICITOR

---

*To the Honorable Mayor and Council:*

I take pleasure at this time in submitting my report as City Solicitor.

Throughout the past year my services have been available to all city departments and officials for legal opinions, conferences, the drafting of documents, and other legal matters, and have been utilized by almost every department of the City Government, as well as by at least two state agencies. I have cooperated especially closely with the Overseer of the Poor in proper efforts to lessen the burden of relief. Counsel has also been furnished to individual citizens having complaints or inquiries of a public nature.

My record of attendance at meetings of your body has been such, I believe, as to meet with your entire satisfaction. Numerous opinions, both oral and written, have been furnished your body as a whole, as well as to the Mayor and individual Councilmen, and to the various department heads.

The City has become engaged in no Superior Court litigation in the past year. The only case now pending is an appeal taken by Charles Cheney in 1936 from an award for land taken for highway purposes. This suit against the City has not been pressed.

The lease to the Laconia Shoe Company was executed May 29, 1939, after prolonged negotiations. It is a document of considerable length and required four drafts before the terms were finally agreed upon.

A number of ordinances and resolutions have been drafted. In this respect your Solicitor advised that a proposed ordinance regulating barbers was of doubtful constitutionality, and should be delayed pending decision by the

Supreme Court on a similar ordinance in the City of Concord. The Court subsequently declared the Concord ordinance unconstitutional.

All violations of city ordinances and state statutes brought to my attention have been prosecuted in Municipal Court.

The need for revision of the City Charter and Ordinances becomes yearly more acute. The last revision was in 1916. I recommend that definite authorization for such a revision be made in the ensuing year.

Respectfully submitted,

ROBERT V. JOHNSON,  
*City Solicitor.*

# POLICE DEPARTMENT

## REPORT OF POLICE COMMISSIONERS

---

*To the Honorable Mayor and City Council:*

We respectfully submit the report of the Chief of Police George N. Hubbard for the year ending January 31, 1940. We respectfully urge your careful reading of the chief's report which gives a comprehensive report of the services rendered by the Police Department.

CHARLES J. PITMAN,

CLARENCE E. ROWE,

FORTUNAT E. NORMANDIN,

*Police Commissioners.*

Postage	10.10
Clarence S. Newell, treasurer, cash	2,754.90
	<hr/>
	\$3,084.96

Respectfully submitted,

EARL FLANDERS,  
*Clerk.*

# OVERSEER OF THE POOR

---

*To the Honorable Mayor and Council  
of the City of Laconia:*

Gentlemen:

It is my privilege and duty to submit herewith my report as Overseer of the Poor for the year ending February 15, 1940.

There has been a decided turn for the better in relief situation, during the past year. The principal factor for reducing relief expenditures has been more private employment.

The method of rendering aid has been the same as in the past, that is, to assist people who have not been able to provide the actual necessities of life for themselves; it is cheaper and more humane to feed, house and provide warmth for such persons than it is to refuse them such essentials, which result in sickness, medical bills and suffering, especially if there are children in the family. No person has been ill-treated or insulted by abusive language. Relatives liable by law to assist needy persons have been requested to do so.

The continuation of Federal projects has kept many families off the relief roll and should be continued until private employment absorbs all able bodied persons.

Relief department gross expenditures amounted to \$29,092.16 compared with \$50,131.71 for last year; refunds

amount to \$2,082.70 leaving net expenditures of \$27,009.46 which covers relief, transportation of men to projects, sewing project expense, salaries and office expense. The appropriation was \$36,000.00 leaving a balance on hand of \$8,990.54. For detailed financial statement, see treasurer's report. This department has furnished \$1,442.86 worth of labor to other departments without cost to them.

Old Age Assistance is administered by the State Welfare Board, Laconia's cost is 25% (fixed by law) of the amount granted to persons having a city settlement. The appropriation was \$12,000.00 the net cost was \$11,741.78 leaving a balance of \$258.22.

Respectfully submitted,

A. C. S. RANDLETT,  
*Overseer of the Poor.*

# PARK COMMISSION

---

*To the Honorable Mayor and City Council:*

As secretary of the Park Commission, I submit the following report for the year ending December 31, 1939.

The Park Commission feel that, as in the past few years, they can report very definite progress in their program of expansion. The active interest and financial assistance of the Leavitt Park Community Club, the Lakeport Woman's Club, the Leavitt Park Social Club, the Opechee Park Club, and the Wyatt Park Club have provided several items of equipment which have added to the enjoyment of any person attending any activity at the respective playground which was the recipient of these gifts.

At Leavitt Park, two new tennis courts were completed and backstops erected. The baseball diamond was changed and a new backstop built on the diamond. An appropriation by the City Council of \$747.53 was used to build a kitchen, install toilets and make water and sewer connections in the Community House. The Leavitt Park Social Club which sponsors dances every Saturday night during the school year and charges ten cents admission for young people between the ages of fifteen and twenty years, have bought silverware and dishes for the Community House and contributed one hundred dollars toward the backstop for the tennis courts. The average attendance at these young people's dances is one hundred and ten. The Leavitt Community Club has given a kitchen stove, one hundred folding chairs

with leatherette seats and paid for a concrete sidewalk from Elm street to the Community House. The Lakeport Woman's Club has given a coffee dripolator; two twelve-foot clothes racks and two hundred dollars toward the building of the kitchen. Mrs. Harry Clow gave an oak dining table.

At Opechee Park, the Opechee Park Club has held, as last year, monthly meetings throughout the year. They held a band concert and carnival in July, and on the night before the Fourth, sponsored a Community Bonfire and a general good time. The immense crowd which gathered there for this event showed not only the interest it evoked, but assured the citizens of the town that with such a large percentage of the young people contented at one locality until a late hour, there was much less of indiscriminate vandalism and rowdyism than has sometimes occurred on that date. This club contributed twenty-five dollars toward Chief Hubbard's Recreation Room for underprivileged boys. They have also sponsored the new cub pack recently formed at the Laconia end of the city.

#### LEAVITT PARK PLAYGROUND

Again Mr. Charles Peterson and Miss Jessie Dutrizac had charge of the activities at this playground. The average daily attendance was a bit larger than in previous years, about 250 children daily, but with more older boys and girls than usual.

Swimming at Sandy Beach was, as usual, the leading attraction. Many children earned their Beginners' Buttons while those who had previously secured them worked for the advancement buttons.

The annual girls' trip to Mt. Belknap was as keenly anticipated and enjoyed as usual. The girls being accompanied by the Directors and several mothers. The largest number of boys as compared to prior years made the boys' overnight trip to Mt. Belknap.

The annual playground carnival and band concert was enjoyed by many persons and a goodly sum realized which is always used for replacing of small equipment for the playground.

The Twilight League played three games each week with an average attendance of 250.

#### OPECHEE PARK PLAYGROUND

Mr. John Hobson and Miss Phyllis Caswell were again supervisors of this park. The average morning attendance was one hundred and fifty while the average afternoon attendance was three hundred and fifty, and for ten days when the afternoon attendance was between five hundred and fifty to six hundred.

Swimming, of course, was the most popular attraction. The Laconia Chapter of the American Red Cross sent Mr. Hobson to the National Aquatic School at South Hanson, Massachusetts from June 18 to 28. Mr. Hobson subsequently, with the cooperation of the Local Chapter of the American Red Cross, conducted a swimming campaign. Ninety-two non-swimmers signed campaign cards and over one hundred and twenty children took beginners' lessons. Miss Caswell went to Franklin, N. H., each evening during the last two weeks in July to qualify as Water Safety Instructor at the Red Cross Institute held there.

A baseball league, composed of four teams from different sections of the city, was formed. The league proved popular. The championship team were awarded emblems.

The usual tennis, ping pong and horseshoe tournaments were held. A field day with track and water sports was enjoyed by the youngsters.

#### WYATT PARK PLAYGROUND

Miss Anna Hawkins as instructor was in charge of Wyatt Park. This past year a larger attendance than in previous years was evidenced, thus making it a very successful year.

This year two-thirds of the playground building was partitioned off and lined with celotex so that it could be used as a dressing room for the skaters in winter. In former years the old store building across the street was used, but in remodeling this building, it prevents children from crossing Garfield Street. The Wyatt Park Club appropriated and spent \$50.00 to help cover the expense of this building.

This fall a new tennis court was erected with a hard surface construction. The idea being that if this proves successful more of this type of tennis courts could be made in the future. A new fence was purchased and is to be installed this coming spring. This fence will be used around all courts at Opechee and Wyatt Parks.

Chief Spring replaced all trees at Wyatt Park which did not live after the first planting.

Mrs. Sarah E. Ford, president of the Wyatt Park Club with the help of other members of the Club sponsored an ice carnival this winter. Races for the children was the major attraction and prizes were awarded to the victors.

A picnic attended by 250 children was given by the Wyatt Park Club the latter part of the summer season at Gardner's Grove at Winnisquam.

## SKATING RINKS

At the April meeting of the Mayor and City Council it was voted that the skating rinks be under the care and supervision of the Park Commission, and an appropriation of \$1800.00 for that purpose was made.

Mr. Joe Morgan, as in previous years, has had charge of the rinks at Leavitt Park; Mr. John O'Connor at Wyatt Park; Mr. Oscar St. Jacques at Casino Square and Mr. Louis Felker at Opechee Park.

It was decided to have the rink at Opechee Park on the lake this season and to have a hockey pen for the use of those skaters who wished to play the game. A snow fence marked off the north boundary of the rink.

With a quite unusual winter for skating, both as to continuous cold weather and a very small amount of snow, the rinks have been in continuous use throughout the season.

It would seem that the playgrounds of our city are offering all the year round recreational facilities to the young people and oldsters as well. This is as it should be, and we wish to thank all the individuals and clubs which have shown so great an interest in this department of our City Government.

Respectfully submitted,

BERNICE M. SEAVERNS,  
*Secretary, Park Commission.*

# AUDITOR

---

*To the Honorable Robinson W. Smith, Mayor, and the City Council, Laconia, N. H.:*

Gentlemen :

Having completed the audit of the financial accounts of the City of Laconia for the fiscal year ended February 15, 1940, I present the following Statements showing the financial condition of the City as of that date.

Exhibit I—Appropriation Account year ended February 15, 1940

Exhibit II—Excess and Deficiency Account.

Exhibit III—Balance Sheet as of February 15, 1940.

Exhibit IV—Serial Debt as of February 15, 1940.

The following items appearing in the balance sheet are commented upon as follows :

<i>Cash</i>	\$28,586.01
-------------	-------------

This cash balance was verified by the various bank statements with the records of the City Treasurer and compared with the ledger of the City Clerk; all receipts and expenditures of the City Treasurer were properly checked with the different departments of the City: an audit of each monthly draft is made by the City Auditor as a final check upon all bills before payment is made by the Treasurer.

<i>Property Sold to City for Taxes</i>	\$31,310.94
--	-------------

During the fiscal year the 1938 sale of property to the City for taxes amounted to \$19,181.11; which is a decrease of \$10,069.45 in comparison with the previous year; on the other hand, more taxes were redeemed than usual thereby lowering the amount due the City to the above figure.

*Accounts Receivable—Taxes* \$66,558.50

The Collector's record of unpaid taxes was examined by me and compared with the records kept by the City Clerk; the record of taxes paid was examined and compared with the report of the City Treasurer.

Warrants from the Board of Assessors to the City Tax Collector covering the commitment of all taxes was examined and all abatements were examined to see that they were approved by the Board of Assessors.

The Tax Collector should once more be commended for the fine results that he has achieved in clearing up more of the old accounts that have been carried along on the books; also in the collection of 1939 taxes, a balance of \$64,493.63 being outstanding February 15, 1939 as compared to \$56,706.08 on February 15, 1940 making a decrease in current outstanding taxes during his two years in office of \$26,439.16.

Accounts Receivable:

*Balance Due from Martha E. Johnson* \$7,096.24

A Court action in the name of the City of Laconia as plaintiff for the recovery of \$22,096.24 against Martha E. Johnson resulted in a judgment in favor of the City for the full amount; the Bonding Company having paid the \$15,000.00 limit of the Policy, the above amount remains unpaid.

*Property Acquired by Tax Deeds* \$3,219.35

During the past year Tax Deeds were taken by the City as a result of Unpaid Taxes of long standing to total the above amount; several parcels of land and buildings have been sold during the year from which the City realized \$978.00.

## LIABILITIES

*Miscellaneous Liabilities* \$1,908.37

This account was increased during the year owing to a large block of Coupons which failed to be presented for payment before the close of the books for the year; the money to pay same is being held in reserve in this account.

*Leavitt Fund* \$706.10

This account was examined and verified; after paying the overdraft of the previous year of \$161.07 the above amount of balance is on hand.

*Gale Park Fund* \$190.39

Owing to the small amount of income received by the City during the fiscal year from the Gale Fund the above amount is considerable smaller than that of last year.

*Motor Vehicle Taxes 1940* \$1,239.49

The amount of Motor Vehicle Fees received by the City Clerk was checked and verified with the receipts of the City Treasurer and the Permit Cards.

*Notes* \$50,000.00

The above amount of Notes represents money borrowed in anticipation of unpaid taxes on short term notes to meet the current expenses of the City: due credit should be given the Honorable Mayor and City Council for their effort to the end that these notes were reduced \$25,000.00 during the past fiscal year.

*Unexpended Appropriations* \$54,577.91

Appropriations made during the year were verified with the records of the City Council and expenditures were properly approved by Treasury Warrants; all transfers were approved by the Mayor and City Council.

*Laconia Shoe Company* \$599.94

This amount has been collected in rents since May of last year and is held to their credit until such time as they make extensive repairs to the building as they proposed to do by the lease.

*Balance for Permanent Improvements* \$3,397.47

A balance for permanent improvements of the above amount is held in reserve for the coming year.

*Credit Balance* \$24,151.37

The above amount represents the excess of current assets over current liabilities and is the largest Credit Balance that has ever been carried over by any Administration during the history of the City. In an effort to pay as you go, the Mayor and City Council have spent considerable time with the heads of the different Departments with the result that only one overdraft appears on the Appropriations Account. No taxpayer of the City can fail to recognize this achievement as it is surely bound to aid materially during the coming year.

### SERIAL DEBT

The Serial Debt outstanding as of February 15, 1940 is detailed in Exhibit IV of this report and shows a Net Debt of \$333,750.00 as compared to \$373,750.00 on February 15, 1939; this represents a decrease of \$40,000.00 during the fiscal year ended February 15, 1940.

The Mayor and City Council are also to be congratulated upon the fact that the Serial Debt at the present time is the lowest that it has been since February 15, 1922 when the New High School was built.

A full itemized account of the appropriations, receipts, transfers and unexpended appropriations may be found in Exhibit I of this report.

### CEMETERY TRUST FUNDS

The following statement of Trust Funds was verified by examining all pass books of Savings Banks and Securities held by the Trustees and by checking all the expenditures with the Savings Bank books. All receipts and expenditures are recorded properly on their books.

## STATEMENT OF TRUST FUNDS

Amount of Trust Funds on hand February 15,	
1939 .....	\$53,316.09
Trust Funds received during the year .....	1,050.00
Unexpended interest on hand February 15, 1939	2,797.36
Interest received during the year .....	1,772.79
	<hr/>
	\$58,936.24
Amount of Interest expended during the year ...	\$1,593.11
Balance of Interest unexpended February 15,	
1940 .....	2,977.04
Principal of Trust Funds on hand—Bonds ....	6,000.00
Principal of Trust Funds on hand—Savings	
Banks .....	48,266.09
Principal of Trust Funds on hand—Water Co.	
Stock .....	100.00
	<hr/>
	\$58,936.24

CARL F. BLAISDELL, *Chairman*  
 CHARLES F. AYERS, *Secretary*  
 EDGAR B. PRESCOTT.

## LIBRARY TRUST FUNDS

The books of the Treasurer were examined by me and the balance was verified by Statements from the Bank. All expenditures were properly vouched for.

I wish to express my appreciation for all courtesies extended me during the course of my examination by all the Departments: also to commend all Departments for their best efforts during the past fiscal year.

Respectfully submitted,

DANA S. BEANE,  
*Auditor.*

## CERTIFICATE

I hereby certify that the accompanying balance sheet and statement of Serial Debt reflect the financial condition of the City of Laconia, as described by its books at the close of the fiscal year ended February 15, 1940. I further certify that I have audited the income and expense accounts of the City for the past year and have found them correct as detailed in my report submitted herewith.

DANA S. BEANE,

*Auditor.*

# SUMMARY OF VITAL STATISTICS

---

Number of births .....	324
Number of marriages .....	129
Number of deaths .....	221
Number of births not previously recorded .....	15
Number of deaths occurring at Belknap County Farm	7
Number of bodies brought here for burial .....	43

By Chapter 106 N. H. Laws of 1917, the Clerks of Cities and Towns are required to send a copy of every child's birth certificate to its parents, and if said copy is not received within sixty days from date of child's birth, the parents should notify the City Clerk, in order that same may be placed on record.

Efforts have been made to make the records of vital statistics correct as possible. Should any error or omission be detected, the City Clerk will appreciate the kindness conferred by being informed of the same, that the records of the city be made right.

EARL FLANDERS, *City Clerk*,

# INDEX

---
